

Ring Size Measurement Guide

Confirm Printed Paper Size

1. Set page scale to “None” in printing dialogue box prior to printing.
2. The bar on the left must exactly measure 1 inch or 30 mm in length otherwise place a Credit/Debit Card in the area indicated. The card mustn't be hanging over the edges and fit perfectly within the image.

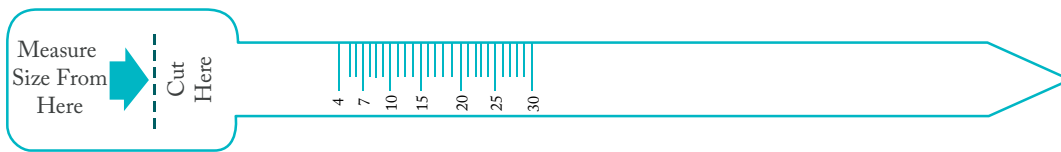

Method A: Take Your Current Ring Measurements

1. Select a proper fitting ring for the finger of your choice.
2. Set your ring over one of the closest matching circles below, making sure the inside edge fits nearest to the chosen circle.
3. Order the larger size if your ring falls between two sizes.

****Measurements Reflect Ring Sizes in India**

Method B: Take Your Finger Measurements

1. Cut out the strip above as precisely as possible and then proceed to cut a slit following the dotted line.
2. Wrap it around the base of the finger to be measured.
3. Your ring size shall be the number closest to the slit.
